**Organisers must comply with the conditions for the use of all venues and facilities. A set of standard conditions are attached for your information. Any changes or additions to these conditions are at the discretion of the permitting Local Authority.**

- All vehicles must be legally parked within designated parking areas only
- Any associated container/skip/bin/generator must be placed within the designated parking area with 900mm reflective road cones at each end
- Marshals must be appointed to direct pedestrians safely around any associated working zones
- All businesses and/or residents in the surrounding area must be consulted a minimum of 2 working days prior to work commencing
- The number of active work sites must be kept to a minimum so to reduce impact on surrounding businesses and/or residents
- If applicable, please consult the local business association a minimum of 5 working days prior to work commencing
- The minimum footpath width to be maintained for pedestrian access on Queen Street is 3m
- Where possible restricted parking outside a business should be kept clear of work vehicles, maintaining public access and reducing impact on the area
- This work is subject to noise control restrictions. Please contact Auckland Council (301 0101) for more information.
