

Attach 11 - Supporting landowners during route protection post-lodgement activities

We continue a 'landowner first' engagement approach to ensure relationships with landowners and the requiring authority are maintained, especially as these relationships will continue long-term

- Letters to landowners
- Ongoing meetings with landowners
- Friend of the submitter – independent expert advice to help landowners prepare a submission
- EAP landowner support – independent counselling services
- Early acquisition – ability for land to be acquired early in hardship situations
- Established processes for considering
- Ongoing communications long-term
- People don't have to move out of their property now – most cases 10-20 years
